MOVING PICTURE FUNNIES

Did you ever see a one dog band?

Cut out the picture on all four sides. Then carefully fold dotted line 1 its entire length. Then dotted line 2, and so on. Fold each section underneath, accurately. When completed turn over and you'll find a surprising result. Save the pictures.

Perfect Diagnosis

Did the doctor know what you had?"

"Seemed to have had a pretty accurate idea. He asked for ten dollars and I had eleven dollars."—Stray Shots.
